

# Project Name: Leave Tracker

---

## Phase 6 – User Interface Development

### 1. Lightning App Builder

- **Why:** To create and customize the Leave Tracker App.
- **In this project:** Use Lightning App Builder to arrange pages, components, and tabs.
- **Step by Step:**
  1. Setup → Lightning App Builder → New App.
  2. Choose **Standard App or Console App**.
  3. Add **Tabs** for Leave Requests, Leave Policies, and Dashboard.
  4. Activate the app.

### 2. Record Pages Needed

- **Why:** Customize the layout of Leave Requests for users.
- **Step by Step:**
  1. Setup → Object Manager → Leave Requests → Lightning Record Pages.
  2. Create or clone a record page.
  3. Add components like Related Lists, Approval History, and Tasks.
  4. Assign as org default or app default.

2.

### 3. Tabs Needed

- **Why:** To give users easy access to objects.
- **Step by Step:**
  1. Setup → Tabs → New Tab.
  2. Choose object type: Leave Requests, Leave Policies.
  3. Add to the Lightning App.

## 4. Home Page Layouts

- Customize if required; otherwise, Salesforce default home page can be used.

The screenshot shows the Salesforce Lightning App Builder interface. The top navigation bar includes 'SETUP', 'Search Setup', and various system icons. The main area is titled 'Lightning App Builder' and displays a 'Lightning Page Detail' for 'Leave\_Tracker\_Home'. The page has a single record with the following details:

Name	Leave_Tracker_Home	Label	Leave Tracker Home
Description			

Below the page detail, there are 'Edit', 'Clone', and 'Delete' buttons. The left sidebar contains a navigation menu with sections like 'Home', 'Setup', 'Object Manager', 'Quick Find', and various administrative links such as 'Service Setup Home (Beta)', 'Force Assistant', 'Updates', 'Mobile App', 'Usage', 'Optimizer', 'Cloud Everywhere', 'ADMINISTRATION', 'Users', 'Data', 'Mail', 'FORM TOOLS', 'Subscription Management', 'Apps', 'Feature Settings', 'Lack', 'Data Cloud', 'Heroku', 'RuleSoft', 'Einstein', 'Objects and Fields', 'vents', 'Process Automation', and 'User Interface'. At the bottom of the sidebar, there are 'Action Link' and 'Tannister' buttons.
